Work Experience:

Tim Hortons / Senior Product Designer

February 2023 - Present, Toronto

Led the **end to end experience** for linking guest Tims Rewards cards to their Canadian Tire Triangle Rewards cards, driving in 150k linked accounts in the first week of launch.

Created the **Figma design system for AI**, teaching AI Skills how to work within our design rules and taught the design team to move from ideas to production-ready work 66% faster.

Conducted user interviews to learn what in their **Roll Up To Win**, experience, using those insights to create an improved & playful mobile experience that onboarded resulting in 15.3% YoY engagement growth and onboarded 3.1M users.

Redesigned the **Tims Rewards experience**, introducing clearer progress and tier structures to make rewards feel easier to understand and more motivating lifting engagement by 12.1% and repeat app sessions by 5.6%.

Improved the **onboarding and referral experience** for Tims Financial Guests, removing friction and increasing sign-up conversion 24.3%.

Scotiabank / Senior Digital Associate

April 2018 - February 2023, Toronto

Designed the **Technology Help Centre**, creating a simpler self-service experience that helped employees find answers without needing to rely on IT support reducing ticket volume by 26.7% within its first quarter

Led the **UX and brand design for CLOUDia**, shaping an AI-powered enterprise chatbot that made it easier for employees to get quick answers and navigate internal resources.

Designed **multi-channel digital campaigns** that helped drive awareness and engagement across internal teams, while applying WCAG accessibility principles, bringing a more consistent experience to employee communications.
